

**Compton Unified School District** Information Technology Department 500 S. Santa Fe Avenue Compton, CA 90221

## **Student Password Reset Instructions**

As of March 2020, in an effort to increase the security of student accounts, the format for student passwords has changed. Newly assigned passwords and password resets now contain a random two word and number combination

i.e. Username: jp876543 Password: Goldgrape2

Teachers have access to the Student Password Reset tool by accessing Staffnet:

Sign in using your district credentials

	Vorifi	Pass Code		
Varif Dava Cada				
Verif Pass Code	venir	433 0048		

## **PLEASE NOTE**

If you know of a student whose account has a **OR** password that matches the username:

When looking them up in Aeries, their password shows up as a jumble of letters and numbers:

i.e. username jp876543 password jp876543	5.	Verif Pass Code		
	password jp876543	J722A53ASX		

We ask that you reset their password. That account is not considered secure until doing so
