FOREWORD

The classified employees of the Compton Unified School District are a vital part of the educational program of this district. The caliber of the services they tender has a significant effect on the quality of the education provided for the young people of this community.

It is the desire of the Board of Trustees, The Personnel Commission, and the Administration that employees of the district be well informed on all phases of their employment Process. This copy of the Rules and Regulations of the Personnel Commission has been designed to provide that information. It clearly defines the regulations under which efficiency of performance is safeguard in this large organization.

Capable, loyal employees, knowledgeable of the affairs of the district, are important links in our public relations. (Note: It is recognized that some of these rules venture into substantive matters within the prerogative of the Board of Trustees. For that reason, the initially adopted set of rules and regulations were submitted to the Board of Trustees for its approval.)

It shall be the policy of the Commission to submit all new rules or amendments or deletion of existing rules to the Governing Board when:

- A. The rule obviously requires Board approval, and
- B. It is difficult to define the division of Commission and Board authority regarding the rule in question.

In such cases, the rule in question shall not become effective until it has been approved by the Governing Board.

The Commission shall also submit all proposed rules and amendments or deletions of existing rules to District Administration within a reasonable time prior to their adoption.

These rules are to be applied with consideration of their intent; however, specific and applicable provisions of the rules shall not be waived, ignored, or superseded because of the special circumstances of particular cases. The Commission is open to responsible suggestions to amend the rules with prospective application; however, no rule amendment or new rule shall have retroactive applicability.

If the subject matter and procedure in a rule is within the scope of representation, as defined in Government Code Section 3543.2, a rule shall be applicable as

follows:

- A. If a collective bargaining contract contains the subject matter and procedure, the rule shall not apply to employees in the unit.
- B. If a rule provides for a benefit, and a contract does not provide for that benefit, the benefit shall not be available to employees in the unit unless that benefit is required by law.
- C. If a rule prescribes a procedure and a contract does not, the rule shall apply to in the unit.

10.200.3 Generic Terminology

As used in these rules, the term "his" refers to the feminine as well as the masculine. Singular terms shall be construed to include the plural, and plural terms shall be construed to include the singular.

10.200.4 Judicial Review

If judicial review or a change in law invalidates any portion of these rules, such finding or amendment shall not affect the validity of other rules and provisions.

10.200.5 Effect of Data Contained in Addendum to Rules

The salary schedule and related date, class placement on the salary schedule, a classification plan, job description, and other written material contained in the addendum to these rules are to be interpreted as having the same force and effect as Commission rules.

10.200.6 Distribution of Rules and Regulations

The rules of the Commission shall be printed and made available to employees in the classified service, the public, and those concerned with the enforcement of this article (Education Code, Section 45262). GENERAL CLASSIFICATION RULES

30.200.1 Assignment of Duties (Education Code, Section 45109)

The Board of Trustees shall prescribe the duties and responsibilities of all positions in the classified service except those on the Personnel Commission staff.

30.200.2 General Nature of the Classification Plan (Education Code, Sections 45104 and 45256)

The Personnel Commission shall establish and maintain a plan of classification for all positions in the classified service. Classes will be placed in groups according to general occupational nature and, within groups, shall be listed in series by specific occupation. The plan shall indicate the class (es) in each series which are usually filled by open competitive examination. Those classes not so designated shall be considered as "promotional classes", provided that the Personnel Commission shall decide, when it orders an examination, whether the examination shall be open, promotional, or a combination thereof. The list of classes shall contain designation of the salary rate of range applicable to each class.

30.200.3 Class Specifications

For each class of positions, as initially established or subsequently approved by the Commission, there shall be established and maintained a class specification, which shall include:

- A. The official class title.
- B. A definition of the class, indicating the type of duties and responsibilities and placement within the organizational scheme **hierarchy**.

- D. A statement of the minimum qualifications for service in the class. The minimum qualifications may include education, experience, knowledge, skills, abilities, personal and physical traits and characteristics.

- E. A statement of distinguishing characteristics, which differentiates the class from other related or similar classes.
- F. License or other special requirements for employment or service in the class.
- G. Any additional qualifications considered so desirable that any person considered for employment who possesses them may be given additional credit in the evaluation of his qualifications, even though such additional qualifications are not a prerequisite to consideration for employment.
- H. Minimum qualifications may never require a teaching, administrative or other credentials, nor may they require work experience, which essentially would restrict applicants to credential holders. Titles may not be assigned that would restrict competition to holders of credentials.

30.200.4 Interpretation of Class Specifications

The class specifications and their various parts are declared to have the following force and effect:

- A. The definition and **essential** tasks are descriptive and explanatory only and not restrictive. They indicate the kinds of positions that should be allocated to the respective classes as determined by their duties, responsibilities, and qualification requirements, and do not prescribe what these details shall be in respect to any position. The use of a particular expression of illustration as to duties, responsibilities, qualification requirements, or other attributes is typical or descriptive of the class and does not exclude others not mentioned but of similar kind and/or quality as determined by the Personnel Commission.
- B. In determining the class to which any position shall be allocated, the specification for each class is considered as a whole. Consideration is given, not to isolated clauses, phrases, or words, apart from their context and from illustrative information in other parts of the specifications, but to the general duties, responsibilities, specific tasks, and qualification requirements as affording a picture of the positions that the class includes.
- C. Each class specification is construed in its proper relationship to other specifications, particularly those of classes in the same series and group of classes, in such manner as to maintain a proper graduation in the series in which the class is located and proper differentiation within the group of classes.

- D. Qualifications commonly required of the incumbents of all or many office or positions, such as, honesty, sobriety, and industry, even though not specifically mentioned in the specifications, are implied in the qualification requirements.
- E. The statement of qualification requirements, when considered with other parts of the specification, is to be used as a guide in the announcement and preparation of tests and in the evaluation of the qualification of candidates seeking appointment to positions allocated to the class, but does not require a particular form or content of test or testing procedure.
- F. The class title shall always be used with the meaning set forth in the remainder of the specification.

30.200.5 Allocation of Positions to Classes

All positions substantially similar as to the duties performed and the responsibilities exercised by the incumbents of such positions and as to their qualification requirements shall be allocated to the same class.

- A. When an employee is required to work out of classification, the fact shall be reported to the Personnel Director, who shall immediately investigate and report to the Personnel Commission. This rule shall not be construed as permitting an employee to refuse to perform duties legally assigned by competent authority.
- B. Classified employees shall not be required to perform duties which are not fixed and prescribed for the position by the governing board, unless the duties reasonably relate to those fixed for the position by the Board, for any period of any period of time which exceeds five working days within a 15-calendar-day period except, as authorized herein.

An employee may be required to perform duties inconsistent with those assigned to the position by the governing board for a period of more than five working days provided that his salary is adjusted upward for the entire period he is required to work out of classification. If the duties are performed in a position that is a higher classification, the employee shall receive at least a one step differential or the first step in the salary range of the position he is temporarily filling, whichever is the greater amount.
- D. Working out of classification shall be defined as performing the majority of significant duties of a higher classification than would be required by the governing board for the employee's regular status classification. It shall be the responsibility of the Personnel Director of the Personnel Commission to make the determination of out-of-class status. This definition shall exclude situations when an employee is assigned to perform duties which are based on a change in organizational structure, change in technology, or the addition of what are determined to be higher-level duties, and those duties are permanently assigned, since the provisions of Section 30.300 - Reclassification of these rules shall then apply.
- E. It is the intent of this section to permit the working of employees temporarily outside their normal duties, but to require that some additional compensation be provided during temporary assignments.
- F. The selection of employees to be assigned to temporary assignments outside their normal duties shall whenever possible, be restricted to employees on appropriate eligibility lists. The assignment shall be determined by the department head.
- G. When an employee is assigned to work out of classification, such assignments are to be on a temporary basis. Out of class assignments shall not convey status rights to the higher-level class, nor shall it be counted for seniority purposes in the higher class. The Personnel Commission may authorize successive out of class assignments of 90 calendar days in the absence of an appropriate eligibility list.

30.200.8 Review of Positions (Education Code, Section 45285)

- F. If there are insufficient applicants who meet the special requirements, an employee who meets the special requirements may receive provisional appointments which may accumulate to a total of 90 working days. Successive provisional appointments of 90 working days or less each may be made in the absence of an appropriate eligibility list containing applicants who meet the special requirements if the personnel commission finds that the requirements of subdivision (a) and (b) of the Education Code, Section 45288 have been met. These appointments may continue for the period of the provisional appointment, but may not be additionally extended if certification can later be made from an appropriate eligibility list.

The employee shall submit an appropriate Transfer Request Form, to his immediate supervisor, who shall transmit the request through proper channels, to the Classified Personnel Office.
- B. A permanent employee may be transferred to a position in a related class on the same salary schedule (Lateral Transfer). - F. Transfers shall not change the employee's salary rate, anniversary date, accumulated illness leave, and accumulated vacation credit, or in any other manner reflect adversely upon his rights, as provided in law and these rules.
- G. The Personnel Commission shall determine whether classes are sufficiently related to permit transfer between them. It shall consider similarity of duties, minimum qualifications, examination content, occupational group, and promotional field (above and below). In general, more latitude in transfers is permitted in the following situations:

1. As the employee's seniority in the classified service increases.
 2. When the transfer request is based on reclassification, impending layoff, or reasons of health.
 3. When the employee meets the minimum requirements for the class.
- H. A permanent employee who transfers to a position in a class in which he has not previously completed a probationary period shall be considered probationary in that class and during the probationary period may be returned (transferred) to his former class without right of appeal, unless such action results in layoff, demotion, or reduction in assigned time. In the latter cases, the employee will have the same appeal rights as a permanent employee who is demoted or dismissed.
- I. Transfers shall have the following effects on seniority:
1. Within the same class - none.
 2. From one class to another - the employee shall not receive seniority credit in the new class for service in other classes; however, he shall retain such credit as seniority in the classified service.
- J. Transfers shall not be used as a method to avoid an impending layoff, although employees whose positions are to be eliminated may transfer to other classes as this rule contemplates.

An employee may also request a written rationale for the administrative assignment and the benefits that would accrue to the District as a result of the transfer.

2. A probationary employee administratively transferred to a position in his/her class shall acquire permanent status in the class upon completion of the balance of the probationary period.
3. An employee in an initial probationary period with the District may not be transferred to a position in a related class; but, must be appointed from an appropriate eligibility list.

60.200.2 Demotions

- A. A permanent employee may request voluntary demotion to a class with a lower maximum salary rate. Such requests require the approval of his department head and that of the head of the department to which he is to be assigned.
 1. An employee who requests a voluntary demotion must meet the minimum requirements (education and experience) for the class to which a voluntary demotion is requested.
- B. Voluntary demotion is a privilege available to a probationary employee only in cases when he would otherwise be laid off for lack of work or lack of funds.
- C. Involuntary demotion may be a disciplinary action for cause and may be subject to the pertinent rules and procedures.

60.200.3 Reinstatements/Reemployments (Education Code, Section 45309 and 45298)

- A. A permanent employee who resigns in good standing may be reinstated in a vacant position in his former class and status within 39

months of the last date of paid service. Also, he may be reinstated in a vacant position in a lower related class, if qualified, or in limited-term status in the same or lower class. Such actions are discretionary with the appointing authority.

- B. An employee who has taken a voluntary demotion may be restored to a vacant position in his former class or in a vacant position in a related lower class, as determined by the Commission, within 39 months. Except when demotion was chosen in lieu of layoff and the vacancy is in the employee's former class, restoration is discretionary with the appointing authority.
- C. An employee who has accepted a voluntary demotion in lieu of layoff for lack of work, lack of funds, or abolishment or reclassification of his position, has the right to be reemployed, in accordance with his seniority, in a vacant position in his former class within 39 months after demotion. Intervening reassignments to other classes shall not abrogate that right. If he has not been reemployed in his former class within 39 months, he shall retain eligibility to be considered for reemployment for an additional period of up to 24 months, provided that the same test of fitness under which he qualified for appointment to the class shall still apply. The Personnel Commission shall make the determination of the specific period eligibility for reemployment on a class-by-class basis.
- D. Reinstatement or reemployment of a former permanent employee under this rule shall have the following effects:
 - 1. Restoration to the former step in the current salary range for the class, or, if restored in a lower class, to the rate closest to (but not higher than) that of the step to which he would be assigned if he were restored in his former class.
 - 2. If restored to permanent status, restoration of accumulated sick leave and seniority as of the date of separation.
 - 3. Restoration of former anniversary date, but without step advancement credit for the off-duty period.
 - 4. Restoration of all rights, benefits and burdens of a permanent employee in the class to which restored.

 - 1. If an employee is required to work in excess of the employee's

part-time assignment for a minimum of 30 minutes per day for a period of 20 consecutive workdays or more, the assigned time position will be adjusted to reflect the longer hours in order to acquire fringe benefits on a properly prorated basis as specified in Education Code, Section 45136 and these Rules. (Education Code, Section 45137).

2. When a class contains permanent positions of varying hours of work per day, week, or month, preference in assignment to vacant positions shall be based on seniority in the class in the affected work location area or school.
3. A seniority-bid list or lists at each work location area or school shall be maintained for the purpose of this rule. Employees on the seniority-bid list may accept or reject a "vacant" position, as defined by this rule, on the basis of placement on the list. Employees who are eligible to accept a "vacant" position but reject same shall not be permitted to withdraw the rejection once a proper assignment has been made.
4. A permanent employee displaced by virtue of this rule shall be entitled to bumping rights in accordance with proper seniority.

B. Increases in Time in Excess of One Hour Per Day

1. When an existing permanent position is assigned a permanent increase in time of more than 1 hour per day, the increased position shall be considered "vacant" for the purpose of this rule effective as of July 1 next following the date of the increase has been effected in the first quarter of the school year in which case it shall be considered vacant as of October 1st of that school year.
2. Eligibility and acceptance of "vacant" positions shall be made in accordance with Subsection A3 of this rule.

C. Increases in Time of One Hour or Less Per Day

1. When an existing permanent position is assigned an increase of 1 hour or less per day, the employee in the same class working less than 8 hours per day with the most seniority in the particular work location area or school where the adjustment is being made shall be entitled to the increase.
2. If the employee with the most seniority in the work location area or school where the adjustment is being made wishes to remain

 - c. Work with the Personnel Director to alleviate the effect of reduction on employees.

2. When a permanent position is to be reduced in assigned time per day, week, month, or year, the incumbent shall have the right to transfer into any vacant position in the class which is not greater in assigned time than his former position. If a vacant, permanent position of equal time is not available, the incumbent may bump the incumbent of a position with equal time who has the least seniority in the class, provided that he has greater seniority. If no such option is available, he may bump the employee with the least seniority among those occupying positions of less time than the original position and greater time than the reduced position, provided that he has greater seniority. An employee so bumped shall have similar bumping rights.

3. When an employee is faced with a reduction in assigned time, the rules on transfer and demotion shall be given a liberal interpretation in order to relieve the effect of such reduction.

4. Reduction in assigned time shall not be applied for punitive or preferential reasons. Nothing in this rule shall preclude an employee from volunteering for a reduction in assigned time or from waiving preferential rights to increases in assigned time.

60.200.5 Distinctive Uniform Requirement (Education Code, Section 45138)

Also, a substitute assignment may be made in a lower class related to that of the absent employee if the assigned duties are reduced in level accordingly.
- B. The appointing authority may establish positions the duration of which is not to exceed six months; such positions shall be designated "limited-term". Such positions are subject to classification by the Personnel Commission, except that the Personnel Director may classify them subject to later ratification by the Personnel Commission if the good of the service demands expeditious action.
- C. Notwithstanding these limitations on the duration of these positions, the Commission may, based on a declaration of an emergency by the President of the United States or the Governor, authorize an extension that may not exceed one year. The duties of the extended position must be related to the emergency.

- B. Former permanent employees who are reinstated as limited-term employees within 39 months after resignation shall be paid in accordance with Rule 60.200.3. The salary step so determined shall be applicable to all future limited-term appointments of that employee in that class until he loses eligibility for such appointments.

- B. Study leave can be for any period of time not to exceed one year and may be taken in any time increments as approved by the governing board, but must be completed within three years after the initial part of the leave was commenced. If the leave is not continuous, the service performed between the leave intervals shall be credited toward future study leave eligibility.

- D. The employee must file an application with the governing board for a leave of absence under this rule and must outline:
 - 1. His work history with the District (e.g., positions held and length of service in each).

D. The employee must file an application with the governing board for a leave of absence under this rule and must outline:

In lieu of the minimum, the Board and employee may agree, in writing, to greater compensation. If the Board approves compensation greater than the minimum, it shall be not less than one half of the employee's normal rate of compensation and not more than full compensation.

F. Compensation shall be paid as follows:

1. If the employee does not provide a bond as determined by the District or provide a written statement indicating that he will serve at least two years with the District upon return from leave, the agreed-to compensation shall be paid in two equal annual installments during the first two years of service to the District following return to duty after termination of the leave.
2. If the employee provides the required bond or submits a written document, approved by the Board in accordance with Education Code, Section 45384, the employee shall be paid the agree-upon compensation in the same manner as if he were in active service with the District. If the employee fails to complete two years of service for the District following return from leave, except as provided below, he may be required to refund to the District a pro rata portion of any compensation received while on leave.

3. If an employee has provided a bond or written agreement and fails to complete the required two years of service because of his death or physical or mental disability, the bond or conditions of the agreement shall be exonerated in the same manner as if the required service had been performed.

 3. Indicate a willingness to undergo the prescribed training program.

- D. The Board shall provide for reasonable expenses necessary for the prescribed retraining, but may recover costs from the employee if he fails to complete the prescribed retraining program.

- E. (FMLA) and California Government Code Section 12945.2.
- B. Family care and medical leave may be used for the following reasons:
 1. The birth of the employee's child.
 2. The placement of a child with the employee in connection with the employee's adoption or foster care of the child.
 3. To care for the serious health condition of the employee's child, parent or spouse.
 4. Because of the employee's own serious health condition that makes the employee unable to perform the functions of the position in which the employee is employed, except for leave taken for disability on account of pregnancy, childbirth, or related medical conditions.
- C. For purposes of this provision, "serious health condition" means an illness, injury, impairment or physical or mental condition which prevents the employee from performing the functions of the position in which the employee is employed, or which warrants the participation of the employee in providing care to a family member during a period of treatment, and involves either:
 1. In-patient care in a hospital, hospice or residential health care facility; or
 2. Continuing treatment or continuing supervision by a health care provider.
- D. For purposes of this provision, "health care provider" has the same meaning as it is prescribed in Government Code, Section 12945.2, subdivision (c)(6).
- E. For purposes of this provision, "child" means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis who is either:

1. Under eighteen (18) years of age; or
 2. An adult dependent child.
- F. For purposes of this provision, "Parent" means a biological foster, or adoptive parent, a stepparent, a legal guardian, or other person who stood in loco parentis to the employee when the employee was a child.
- G. An employee is entitled to family care and medical leave for no more than a total of twelve (12) workweeks within a twelve (12) month period measured forward from the first day of the employee's leave, unless additional leave is granted by the Superintendent/Designee.
1. The entitlement to leave for the birth or placement of a child shall conclude at the end of the twelve (12) month period beginning on the date of such birth or placement.
 2. The entitlement to leave for a serious health condition, shall expire at the end of the twelve (12) month period beginning on the initial date of discovery or diagnosis of the serious health condition, which ever occurs first.
- H. The determination as to the date on which the family care and medical leave shall begin and the duration of such leave shall be made at the discretion of the Superintendent/Designee when considering the scheduling and replacement problems of the District. However, an employee who is pregnant may continue in active employment as late into her pregnancy as she desires provided she is able to properly perform all her required duties as she is deemed physically able to perform by her attending physician.
- I. Except in cases of emergency, an employee shall give the classified personnel department of the District reasonable advance notice of his/her intent to take family care and medical leave.
1. If the event necessitating family care leave is known more than thirty (30) calendar days prior to the employee's need for leave, the employee must provide the classified personnel department of the District with a thirty (30) calendar day advance written notice of the employee's need for leave and the reasons for the needed leave so as to allow the District to determine whether the leave qualifies for family care and medical leave.
 2. If the event necessitating family care leave is known less than thirty (30) calendar days prior to the employee's need for leave, the employee must provide the classified personnel department of the district with as much advance notice as reasonably possible,

however under no circumstances, except for cases of medical emergency unforeseen circumstance, will a request for leave be made less than ten (10) working days in advance of the requested leave. Failure to provide at least ten (10) working days advance written notice entitles the District to delay commencement of the leave until ten (10) working days have passed from the date of the request.

3. If leave is needed for a planned medical treatment or supervision, the employee shall make a reasonable effort to schedule the treatment or supervision to avoid disruption of District operations. This scheduling shall be subject to the health care provider's approval.
 4. Failure to provide timely and sufficient notice may permit the District to delay or deny the family care and medical leave.
- J. Family care and medical leave can be taken in multiple periods.
1. The minimum duration of any family care and medical leave for reason of birth, adoption or foster care placement of a child of the employee, shall be two (2) weeks. However, the District must twice grant an employee's request for family care leave of at least one (1) day but less than two (2) weeks duration if the employee complies with all the requirements of the provisions of this Section.
 2. Family care and medical leave for the serious health condition of the employee's child, parent or spouse or of the employee, may be taken intermittently in one (1) day increments when medically necessary, as determined by the health care provider of the person with the serious health condition.
- K. During the period of leave taken pursuant to the provisions of this Section, the employee must concurrently use any accrued vacation leave, other accrued time off, or any other available paid leave. If the employee takes a leave because of his/her own serious health condition, the employee must concurrently use any accrued sick leave during the period of the leave. However, an employee shall not use sick leave in connection with a birth, adoption or foster care, or to care for a child, parent or spouse with a serious health condition, unless mutually agreed to by the District and the employee.
- L. The District shall maintain the employee's health and welfare programs, for the duration of the family care and medical leave, not to exceed a cumulative maximum of twelve (12) workweeks in a twelve (12) month period.

M. The employee shall retain his/her employee status with the District during the leave period, and the leave shall not constitute a break in service for purposes of longevity, seniority, or any employee benefit plan.

An employee's request for family care and medical leave due to the birth of a child shall be supported by either a statement from a physician certifying the pregnancy or a birth certificate.

N. An employee's request for leave to care for a child, spouse or parent who has a serious health condition shall be supported by a certification from the health care provider of the individual requiring care. This certification shall include:

1. The date on which the serious health condition commenced.
2. The probable duration of the condition.
3. An estimate of the amount of time that the health care provider believes the employee needs care for the individual requiring the care.
4. A statement that the serious health condition warrants the participation of a family member to provide care during a period of the treatment or supervision of the individual requiring care.
5. Failure to comply with this requirement may permit the District to delay or deny the family care and medical leave.

P. An employee's request for family care and medical leave, because of the employee's own serious health condition, must be supported by a certification issued by his/her health care provider. That certification shall be sufficient if it includes all of the following:

2. The probable duration of the condition.
3. A statement that, due to the serious health condition, the employee is unable to perform the function of his or her position

Q. Upon expiration of the time estimated by the health care provider in subsection O.3 and subsection P.2 of this Section, if additional leave is required, the District may require the employee to obtain recertification in accordance with the same procedures provided in subsections O and P of this Rule.

R. In any case in which the District doubts the validity of the certification provided pursuant to subsections O and P of this Rule, the District may require, at the District expense, that the employee obtain the opinion of a second health care provider, designated or approved by the District concerning any information certified under subsections O and P of this Rule.

1. The health care provider designated by the District shall not be employed on a regular basis by the District.

If the second opinion from the opinion in the original certification, the District may require, at the District's expense, that the employee obtain the opinion of a third health care provider, designated or approved jointly by the District and the employee. The opinion of the third health care provider shall be final and binding on the District and employee.

S. As a condition of an employee's return from family care and medical leave because of the employee's own serious health condition, the employee must obtain certification from his/her health care provider that the employee is able to resume work without restriction.

T. The District shall not refuse to reinstate, and shall not discharge, fine, suspend, expel or discriminate against any employee because he/she exercises the right to family care leave or because he/she gives information or testimony related to his/her or another person's family care leave in an inquiry related to family leave.

U. If both parents are employed by the District, the District shall not be required to grant leave in connection with the birth, adoption, or foster care of a child or serious health condition of a child that would allow the parents' family care and medical leave totaling more than a cumulative total of twelve (12) workweeks in a twelve (12) month period.

V. Substitute Employment – An employee on family care and medical leave for the birth or placement of a child, shall not be denied the opportunity to substitute in the District by reason of the fact that he/she is on family care and medical leave.

- E. When, as a result of a bona fide reduction or elimination of the service being performed by any department, classified employees shall be subject to layoff for lack of work, affected employees shall be given notice of layoff not less than 30 days prior to the effective date of layoff, and informed of their displacement rights, if any, and reemployment rights.
